Appendix XIII.C

1998 IEEE RFIC SYMPOSIUM

Vijay Nair

1997 RFIC Symposium Highlights

- Registration increased to 730 from 550 in 1996
- Final financial results not received from IMS '97 yet.
- Surplus expected to exceed >$15K, (≈ 3 times 1996 surplus)

1998 IEEE RFIC SYMPOSIUM

1998 **RFIC Symposium Steering Committe**

General Chair	**Vijay Nair**	**Motorola, Inc.**
Vice Chairman	**Mark Calcatera**	**Wright Laboratories**
TPC Chairman	**Chris Kermarrec**	**Analog Devices**
Finance	**Fazal Ali**	**Nokia Mobile Phones**
Publicity	**Jim Moniz**	**IBM**
Secretary	**Dave Lovelace**	**Motorola, Inc.**
IMS Liason	**Ho Huang**	**Comtech Corp.**

1998 IEEE RFIC SYMPOSIUM

1998 Symposium Plans

- Plan for 30% increase in paper submission (advertisement, selected actions from SC and TPC members)
- RFIC parallel session on Tuesday
- Increase number of papers addressing RFIC system solutions
- Four New members in the RFIC Steering Committee
- Plan to get at least six new TPC members from major RFIC companies (Siemens, Philips, Motorola, Lucent, IBM, National Semiconductor, Japan etc)
- Invite end users (our customers) like Nokia, Ericsson, Motorola to present their needs (invited papers).

1998 IEEE RFIC SYMPOSIUM

Status

- Sunday Workshop proposed: "Low Cost Si-based Technology for RF wireless applications"
- Organizers: Vijay Nair, Motorola Inc.
  Mohamed Megahed, Peregrine Semiconductor
- Sponsors: MTT-6 & RFIC Symposium
- Monday Panel Session " Rx Architecture" - Fazal Ali, Nokia Mobile Phones
- Five to Six Invited papers are being solicited
  - topics: Technology(RF CMOS, GaAs, SiGe),
  - New Wireless Systems(Wireless ATM, Wideband CDMA etc.)
  - Special techniques(design, packaging etc.)
